We have invited exhibitors that are seeking to hire LPNs or to share information on continuing education to give students the opportunity to network and interact. The NJLN continues to recognize the importance of the Licensed Practical Nurse as a valuable member of the healthcare community, and this program will help assist students as they plan for their transition from academic studies to a practicing nurse.

**Registration for our Practical Nurse Student Education Day is on a first come, first paid basis due to limited space (Maximum 300 attendees).**

**Student Fee: \$45.00 and Faculty Fee: \$55.00.** We encourage you to register early, and we have two easy ways to do that:

This student should be an individual who is in good academic standing, has been actively involved in school activities, and exemplifies the ideals of providing future quality patient care. We will leave the selection to your expertise for a deserving student. **There must be at least ten (10) students attending from your school of nursing to have ONE (1) eligible to be considered for the scholarship award.****

Please complete the Nursing Scholarship Award Application and forward it with a reference letter stating why you believe this individual should be considered for a scholarship award. Award recipients will be recognized at our program on May 17. **All completed forms must be received at the NJLN office by Wednesday, April 10, 2024 to [info@njln.org](mailto:info@njln.org).**
