

#### **Our Philosophy**

The New Jersey League for Nursing believes in the professional advancement of nursing education and practice through programs and opportunities that address the needs of diverse students, faculty and practicing nurses in a rapidly changing health care environment. We also believe in the importance of promoting collaboration and forming partnerships. We are stronger together, and the NJLN further believes that we must take measures. to continue to positively promote nursing through education, health care coalitions, and public recognition of nursing excellence.

# **Our Mission**

#### The New Jersey League for Nursing

Support and implements the mission of the National League for Nursing to promote excellence in nursing education to build a strong and diverse nursing workforce to advance the nation's health at the constituent level. And to share best practices and experiences as an active member in health care.

The NJLN gives an equal and respected voice to all those who are involved in, or are the recipients of healthcare, and publicly acknowledges those individuals and agencies that serve as role models of nursing excellence. NJLN advances nursing education through continuing educational programs for nursing faculty and practicing nurses, and offers scholarships for entry level nursing education and for advanced degrees in nursing. Whether you are an Individual and Corporate Sponsor... NJLN has a place for all of you!

### A Unique Organization

The NJLN is the only organization in New Jersey in which registered nurses, licensed practical nurses, allied health care providers, nursing educators and consumers meet on common ground. The Board of Directors consists of members representing primary, secondary and tertiary levels of nursing service, nurse educators, allied health professionals, and consumers in communities throughout the State of New Jersey.

We invite you to join an organization that believes health care needs can best be met through the interaction and collaboration of practicing nurses, nursing students, educators, consumers, and others who provide health care and services. NJLN is an organization that offers the opportunity to exchange information, to network, foster education and leadership, while promoting the positive image of nursing.
