NJLN PRE-CONVENTION NURSE EDUCATORS DAY

Next Generation Learning: Clinical Judgement and Creativity in Nursing Education

Wednesday, March 25
8:00 am – 4:00 pm
Harrah’s Resort, Atlantic City
Speaker: Dr. Judith W. Herrman RN, PhD, CNE, ANEF, FAAN

PROGRAM OVERVIEW
Clinical judgment skills, or the operational product of decision-making and critical thinking, are integral in client care and may be cultivated, exercised, and enhanced. This session will address newer research related to learning and brain science and strategies to cultivate clinical judgment.

WORKSHOP OUTCOMES
Following this presentation, participants will be able to:
- Define clinical judgment and other selected terms related to decision-making and nursing practice.
- Discuss newer research about the brain, learning, and decision-making.
- Identify strategies to enhance clinical judgment in the classroom, clinical and simulation arenas.

Space is Limited… Register Today
